Restore

Going head to head against some of the biggest players in the automotive field at Walmart, AutoZone and other leading retailers, Restore Automotive Products' packaging and marketing materials needed to be revved up to best the competition.

Using a sleek and clean design, Clay Pot Creative has crafted product packaging, trade show graphics, posters, brochures and print ads for Restore; including French and Spanish versions for international markets. This uniform look and feel has streamlined the product lines in the Restore family, letting customers easily recognize their favorite engine restoration brand against a sea of competitors.

As Restore has expanded and evolved their products, Clay Pot Creative has been there developing new product cans, hang tags, coupon promotions and more to make Restore the leader of the pack. Vroom, vroom.
